VENEZUELAN AFFAIRS

SUBJECT OF A CONFERENCE BETWEEN SECRETARY ROOT AND M. JUSSELAND.

NO ACTION DECIDED UPON

FRENCH GOVERNMENT WAITING UPON JUDGE CALHOUN'S FORMAL REPORT.

Washington, Oct. 13.—Venezuela was the subject of an important conversation at the state department Thursday between Secretary Root and M. Jusserand, the French ambassador. The latter has been awaiting the arrival here of the report of Judge Calhoun, the American special commissioner, before recommending to his government a course of action. Mr. Calhoun reported verbally to the president and secretary, but he has not yet completed his formal report upon the conditions he found existing in Venezuela. Enough is known, however, to show the similarity between the grievances of the Paris and Washington governments. Whether this similarity shall found a corollary in a parallel action upon the part of the two governments to right their grievances has not yet been decided. France has informed the United States that the course she has shaped is one of extreme patience, but of even greater firmness. It can be announced that the French government has considered several courses of action, any one of which, it is believed, would bring President Castro to terms. None will be adopted, however, until Secretary Root and M. Jusserand have further considered the report of Judge Calhoun. In the meantime both governments will bide their time, letting it be known that both are equally determined to obtain early justice for their citizens.

Secretary Root spent a considerable part of the day in consultation with Judge Calhoun and Consul Plumacher of Maracaibo regarding pending issues between this country and Venezuela. This consultation followed his talk with Ambassador Jusserand about the French cable company complication. The understanding is that the secretary is getting material for a special report to the president which may in the end be laid before congress with the purpose of securing an expression of legislative opinion as to the policy to be adopted by this government.

Secretary Root spent several hours in conference with the president at the White House Thursday night, when, it is understood, the Venezuelan situation was under consideration.

COULD NOT FACE TRIAL.

Prominent New York Lawyer Ends Life on Day of Hearing.

New York, Oct. 13.—Rather than face trial on the indictments charging him with fraudulently taking money from the Weissel estate Armitage Matthews, lawyer and secretary of the county Republican committee, committed suicide by jumping from a window in his apartment to a stone paved courtyard. He struck on his head, fracturing the skull, and died in a short time.

Matthews, who was a young man, had advanced rapidly both in the practice of his profession and in politics. He was a friend of former Governor Black and of Abraham Gruber and they were loyal to him in his trouble, acting as legal advisers and doing all they could to obtain the change of venue from this county, for which he applied. The change of venue was denied Wednesday and trial of the case was to have begun during the morning before Justice Davy in the criminal branch of the supreme court. Early in the morning Matthews received a special delivery letter. After reading it his housekeeper heard him go to a bathroom. A few seconds later he jumped to his death.

Hearst's Nomination Ratified.

New York, Oct. 13.—William Randolph Hearst was nominated for mayor of New York Thursday night at a convention of the Municipal Ownership League and allied organizations, held in Carnegie hall. The convention was a popular one, the public generally being invited. Mr. Hearst was tendered the nomination several days ago and accepted, Thursday night's action being in the nature of a ratification.

Many Delegates Present.

Milwaukee, Oct. 13.—Nearly 200 ministers and lay delegates, representing twelve synods of the Evangelical Lutheran Church of North America, were present Thursday when the tenth annual convention of the general council opened at the Church of the Redeemer in this city. The opening service was devotional in nature.

PRINCE TROUBETSKOY DEAD.

Foremost Liberal of Russia Stricken With Apoplexy.

St. Petersburg, Oct. 13.—Prince Sergius Troubetsky was stricken with apoplexy Thursday while attending a conference of M. Glasoff, minister of education. He died in two hours.

Prince Troubetsky was regarded as the foremost Liberal in Russia. For a long time he was president of the zemstvo congress of the government of Moscow, and headed the delegation which in June last presented the petition of the All-Russian congress of zemstvos and municipalities to Emperor Nicholas. On Sept. 15 last he was elected rector of the University of Moscow by a large majority, being the first elected head of a Russian university since 1880, when the government assumed the right of nomination. The election of the prince removed him from the list of candidates for the national assembly, in which it was hoped he would be one of the prominent leaders and perhaps its president. Prince Troubetsky was a marshal of the nobility.

TO OPPOSE MR. JEROME.

Tammany Nominates James W. Osborne for District Attorney.

New York, Oct. 13.—James W. Osborne, formerly an assistant district attorney under District Attorney William Travers Jerome, Thursday night was nominated for district attorney of New York county by the Democratic county convention held in Tammany Hall. Mr. Osborne accepted and will be one of the opponents of Mr. Jerome, who is making an independent campaign for re-election.

Other nominations made by the Democratic county convention included:

For justices of the supreme court, Henry L. Gildersleeve, George L. Ingraham and Joseph E. Newburger.

For sheriff, Nicholas J. Hayes. Mr. Osborne acted as prosecutor in the Mollioux and Patrick murder trials.

WRIGHT WILL RESIGN

GOVERNOR GENERAL OF PHILIPPINES TO RELINQUISH POSITION DEC. 1.

Washington, Oct. 13.—By reason of what appears to be dissatisfaction with the situation in the Philippines Luke E. Wright, governor general of the Philippines and president of the Philippine commission, will retire from that position about Dec. 1. General Wright is expected to arrive in the United States during that month and is entitled to six months leave of absence prior to the formal relinquishment of his labors as governor general. It is understood that he expects to return to Nashville, Tenn., to resume the practice of law.

COMPROMISE IS EFFECTED.

Price to Be Paid for Friars' Lands Agreed Upon.

Washington, Oct. 13.—Secretary Taft has approved a settlement with the Philippine government which completes the purchase of the Dominican friar lands in the Philippines. After the contracts were signed it was found that a mistake had occurred by reason of a difference in the Spanish and English versions of the price. The Spanish version made the price \$200,000 more than the English version did. It was found that some of the titles were defective. When Secretary Taft was there he made a compromise by which the English version of the sum was to be paid for the lands or the question referred to arbitration. Since Secretary Taft's return a letter has been received saying the Dominican agents have offered to compromise by accepting \$50,000. Secretary Taft Thursday cabled approving the compromise. The total amount paid to the Dominicans is \$3,050,000. The money will be paid in New York about Oct. 20.

STRANGE KIDNAPPING CASE.

Minnesota Girl Runs Away With Her Own Child.

St. Louis, Oct. 13.—The kidnapped two-year-old boy, George Howard Reagen, who with his nurse, Miss Goldie Yell of Cloquet, Minn., disappeared from the child's home in Alton, Ill., Monday night, has not been found. Miss Yell and the child have been traced to St. Louis, and it has been discovered that she purchased a ticket to Chicago and departed. According to the published statement of Miss Yell's mother, who is in Minnesota, the child belongs to Miss Yell and was taken to the Reagen home, though not adopted, and Miss Yell employed as nurse. Mrs. Reagen claimed the child as her own.

Mr. Reagen, who is now in Coshocot, O., in a signed statement published here Thursday, says:

"Last summer I told my wife bluntly that I believed the child was Goldie Yell's, and not her's, and that she had worked a game on me."

DESIRE INDICTMENTS

NEW YORK MERCHANTS WANT INSURANCE COMPANY OFFICIALS PROSECUTED.

JAMES H. HYDE TO TESTIFY

WILL PROBABLY APPEAR AS VOLUNTARY WITNESS BEFORE THE COMMITTEE.

New York, Oct. 13.—The Merchants' Association of New York, through its board of directors, Thursday adopted resolutions calling upon the district attorney of New York county to ascertain whether an indictment cannot be found against the officers of life insurance companies who have contributed the funds of the companies to political campaign committees. The association also asks that civil action be instituted by the state's attorney general looking to the restitution of the money so contributed. In addition to the adoption of the resolutions the Merchants' association announced that District Attorney Jerome would be requested to reconsider his determination not to ask for an extraordinary session of the grand jury to consider the matter at this time.

HYDE WILL TESTIFY.

Will Voluntarily Appear Before Investigating Committee.

New York, Oct. 13.—Charles E. Hughes, counsel to the legislative insurance inquiry committee, and Samuel Untermyer, counsel to James H. Hyde, had a conference in Mr. Hughes' office Thursday. While neither lawyer would discuss the matter, it is said as a result of the meeting Mr. Hyde probably will appear voluntarily as a witness before the investigating committee, though it is likely he will not be summoned in the immediate future. Mr. Hughes has gone on record as refusing to promise to Mr. Hyde any special immunity or privileges as a witness, and it is understood that when he appears to testify he will stand on the same footing as others.

KANSAS BACKS ROOSEVELT.

Approves of His Stand on Railroad Rate Legislation.

Washington, Oct. 13.—Railroad rate legislation and the oil situation with special reference to the Middle Western field was discussed Thursday by the president and Representative Campbell of Kansas. He assured the president that the people of Kansas stood squarely at his back on the question of railway rate legislation and there was no doubt he would have the unqualified support of the Kansas congressional delegation. The president expressed interest in the situation.

MUSIC AND DRAMA.

WARNER COMEDY COMPANY

The following is taken from the Sioux Falls Argus-Leader regarding the Warner Comedy company which will be the attraction at the Brainerd opera house for one week commencing next Monday:

"The Warner theatre company have 'caught on' in great shape. Notwithstanding that this was their second engagement here this season and that they had to contend with the most disagreeable weather and numerous counter attractions of holiday week, more people have attended the performances at the opera house during the present engagement than in any other week for several years. This speaks well for the Warner company. Last evening the house was packed to the door, and the advanced sales for this evening indicates they will close their engagement as they started it, with a full house. The specialties and calcium light effects add much to the popularity of these performances."

The seat sale will open tomorrow morning at H. P. Dunn & Co.'s. Prices 10, 20 and 30c. Ladies free Monday night.

DANIEL SULLY

When Daniel Sully produced "The Parish Priest" he identified himself with a clerical character and it is doubtful if the American public will ever accept him in another role; it is one of the penalties of success and he has been compelled to bow to the inevitable. He has been fortunate in securing a play in which he appears as a priest and which combines all the elements of a successful production; in "Our Pastor," a three act comedy drama by Jerrold Shepard. Mr. Sully is seen in the role of Father Daly, pastor of a little church in a raw western cattle town, where the community in general has little use and scanty tolerance for religion, and where might is right in every sense of the word. Dramatically the play is the strongest Mr. Sully has ever presented, although the element of humor is so predominant that it might be classed as a comedy; it will be seen here shortly.

The Critical Periods In A Woman's Life

Are When the Change Comes From Childhood to Womanhood and Later When the Organs of the Pelvic Region Cease Their Work.

DR. A. W. CHASE'S NERVE PILLS

When the child changes from girlhood to womanhood and again later in life when the organs of the pelvic region cease their work, there is a strain thrown upon the nervous system, that requires outside aid that there may be supplied a proper amount of additional strength and restive power. This Dr. A. W. Chase's Nerve Pills do to a certainty by their ability to supply to the nervous system and the organs affected, an amount of nerve strength and energy that enables them to accommodate themselves rapidly and easily to the changes taking place.

Mrs. Julia Rowland, of No. 264 Pearl St., Buffalo, writes:

"Both myself and daughter, aged 17, are deeply indebted to Dr. A. W. Chase and his Nerve Pills. They certainly are a grand tonic to the nerves. I used them about a year ago, to give me the strength and vitality to go through the ordeal that usually comes to woman at change of life, and found all the nervousness, crying spells and weakness disappear in a hurry. This led me to give them to my daughter about the time she began to have the endless trouble some girls do in early life, and the medicine acted equally as well with her. She grew strong and steady—the color became good—the languor and lassitude disappeared and she was able to go about her school duties as usual. I consider the Dr. A. W. Chase Nerve Pills unequaled as a nerve and general tonic in such cases and gladly recommend them to others who suffer in a similar manner." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package. For sale by H. P. Dunn & Co., Central Drug Store, Natl. Bank Block, Brainerd, Minn.

HEARING IS CONCLUDED

Officers of the M. & I. Interested in Hearing at Jenkins Return Last Night

THE DECISION IS WITHHELD

Belief that Commission Will Order Depot Built But No Agent Appointed

The hearing in the Jenkins matter before C. F. Staples, of the state railroad and warehouse commission, was concluded last evening and those interested returned on an M. & I. special. Mr. Staples did not give a decision in the matter but will probably submit the same to the entire membership of the commission. There are some points which were raised yesterday which are of interest from the law standpoint. The prayer of the petitions that the business at this certain point justifies them in asking for the appointment of an agent and the erection of a depot is not the only point dwelt upon by Attorney A. T. Larson who appeared for the petitioners. The question as to the business under the law is not the only material one. One station at a given point may not be doing the business that another station is doing, but that is no reason why the first named should not have a station. Then, too, business in the past may not always be taken as a criterion. Conditions in the territory adjoining this certain station may have improved which of course is the natural supposition in a country that is being newly populated.

On the other hand the railroad company has its rights in the matter and the material thing with them is the business done. In speaking of the matter last evening General Manager Gemmel said: "It hardly seems the proper thing to ask for new improvements on the Minnesota & International line when there is a decided falling off in business." It would seem as though it might be taken from this that there has not been the business on the M. & I. line generally that there has been the past, not only at Jenkins but other points as well.

Among the petitioners are a large number of well known merchants and farmers living in the vicinity of Jenkins, and they think they are justified in asking for that which is contained in the petition.

The decision of the commission will be watched with interest as it is believed that other localities along the line will be affected to some extent by the same.

FOUR TRAINS IN HALF DAY

Is the Record of the Wheat Business Passing Through Brainerd--Traffic Of Wheat is Enormous

The hauling of wheat is just now about the most important line of traffic on the Northern Pacific and it is doubtful if any other division is getting as much of the business as the Superior division. Four trains of wheat passed through the city this morning before noon en route to Duluth. Wheat pours into Brainerd from all directions, coming from the west on the main line and then again coming up on the Little Falls branch from the Soo. The Soo has been shipping all its grain nearly to the head of the lakes via Brainerd this year.

Royal Arch Masons

The 44th annual convocation of the Minnesota grand chapter, Royal Arch Masons, concluded with an exemplification of degree work at Masonic temple St. Paul Tuesday evening.

Fredrick Bloom, of Woodstock, was elected grand high priest, succeeding Geo. Forsythe also of this city. About 100 delegates were present and the annual address of Grand High Priest Forsythe was interesting.

T. C. Pointon was in the city today and is authority for the statement that Cole & McDonald, who are drilling on the N. P. properties have struck a rich find of ore on Sec. 3 which is south of Deerwood.

Ore was struck at the 100-foot level and the firm is down now about 175 feet and are still in a solid body, of what is claimed to be rich high grade ore.

They will drill a hundred feet or more at this point and then it is claimed that the Northern Pacific will start work on a shaft at once.

TRUANT OFFICER IS POWERLESS

Cannot Make an Arrest Even Where Law is Most Flagrantly Violated

WILL SERVE ONLY ONE MONTH

Lower Part of Town is Reported As Worst Part and There Are Bad Cases

William Nelson, officer of attendance, engaged by the board of education at its last meeting to look after the truant boys and girls of the city, is having troubles of his own, and he states that he is glad that he has but a month to serve in this capacity, for after the first month this work will be looked after and regulated by the police.

Mr. Nelson stated this morning that he did not expect that he would serve over a month anyway; that in that time he could get hold of some of the worst cases and provide a remedy. In this district his work has been greatly hampered, he says, for he has been unable to get warrants of arrest in cases where the remedy would prove most satisfactory. He claims that the worst district is on the west part of town and there are any number here who are governed by the action of one person. This person he has tried to get hold of but he was told it was not within his jurisdiction. He is going after the youngsters individually, however, and expects to land them before the month is over.

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine. H. P. Dunn & Co. mwfwlm

FOR MAYOR OF NEW YORK.

Gotham Republicans Nominate William Mills Ivins.

New York, Oct. 13.—Williams Mills Ivins, who acted as counsel for the Fassett legislative committee in 1892 and was city chamberlain under Mayors Hewitt and Grace, Thursday became the Republican candidate for mayor of New York city when he accepted the nomination made by the committee appointed by the Republican city convention to fill vacancies in the nominations of that convention. Charles E. Hughes, counsel for the legislative committee investigating life insurance methods, was nominated by the convention but declined.

Mr. Ivins was notified formally of his selection late in the day and accepted in a brief speech.

Having held office under two Democratic city administrations Mr. Ivins was asked if he was a Republican or Democrat in national politics. He laughed and replied:

"I have always voted the Republican ticket except on three occasions when I voted for Hewitt, Grace and Cleveland. I have been an enrolled Republican for several years now, but have not taken an active part in politics for some time except to vote straight and now and then give a campaign contribution."

ONLY ONE.

The Record in Brainerd is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Brainerd citizens testify to this. Here is a case of it:

James Parker, carpenter, of 124 N. E. 2nd Ave., Brainerd, Minn., says: "Every winter since I had the grippe I was unable to shake off its effects. My back commenced to pain me across the kidneys with a numb sort of aching which I felt always over the same spot, even when lying in bed. I was always troubled with headache which I think arose from my kidneys. I got a box of Doan's Kidney Pills and used them. Since then I have been in much better health, have no more attacks of headache, nor more backache and I regard it as quite wonderful that any remedy could bring about such a change."

On October 18, 1904, six years after Mr. Parker made the above statement, the testimony was confirmed by Mrs. Parker, she said: "Mr. Parker's statement was true in ever particular, and we both feel that Doan's Kidney Pills can be relied upon to cure every form of kidney trouble. We are always glad to advise sufferers to go to H. P. Dunn & Co.'s drug store for Doan's Kidney Pills and give them a trial."

ADDING TO ROLLING STOCK

Slight Investigation Into the Records Bearing on the Car Shortage Question by an Authority

W. E. Young, of the state railroad commission made a little investigation of the records bearing on the car shortage situation. He took the last statements as to equipments, made at the end of 1904, and compared them with those of 1894, says the Minneapolis Journal.

The comparison showed that while all the roads have been adding heavily to their rolling stock, the northern lines have been adding engines and freight cars much faster than the roads that traverse southern Minnesota. The comparison was made taking the four lines with the largest mileage in the state, the Northern Pacific and the Great Northern in the northern part and the Milwaukee and North-Western in southern Minnesota. It shows that in the ten years the two northern lines added 50 per cent to the number of their locomotives, and doubled the number of their freight cars.

THROAT LANCED FIVE TIMES.

Duluth Woman Undergoes Delicate Operation For Quinsy Without Any Effect. Relieved By Peculiar Liniment.

After suffering for weeks from quinsy and submitting to five operations on her throat, Mrs. W. W. Metcalf, of 52 Ave. West, South Duluth, Minn., in a recent letter tells a remarkable story of the result. To quote her, Mrs. Metcalf wrote in part as follows: "The high fever, intense headaches and a sore feeling from head to foot which accompanied my illness made me unfit for anything. Lancing my throat seemed to do no good, and when I read of The Great Cooper and the cures he was effecting with his wonderful medicines I resolved to try them. After using only one-half of the first bottle of Cooper's Quick Relief there was a change for the better, all my pain vanished and I improved steadily."

H. P. Dunn & Co., Mr. Cooper's special representatives for Brainerd, when asked about these medicine, said the sale is enormous and is increasing every day.

Cooper's New Discovery and Cooper's Quick Relief, the medicines with which Mr. L. T. Cooper is so marvelously curing Rheumatism, Catarrh, Stomach and Kidney Trouble, Blood Diseases, Deafness, and Paralysis, sell for one dollar per bottle and fifty cents per bottle, respectively, and can be used by any one in their own home with the same good results.

STOMACH CURE

An Easy Way from Standpoint of Convenience—Guaranteed by H. P. Dunn & Co.

The so-called cures for indigestion are almost as numerous as the victims themselves, and scarcely a day passes without the hopes of thousands of sufferers being raised by the discovery of some novel method of cure for this prevalent disease.

Until a combination of unusual remedies, heretofore but little known in this country, was made in Mi-o-na tablets, no certain cure for indigestion had been found, and it is therefore hardly to be wondered at that H. P. Dunn & Co. who have the Brainerd agency for Mi-o-na, are selling large quantities.

Mi-o-na is a guaranteed cure for all diseases of the stomach excepting cancer. If you have pains of distress after eating, headache, belching of gases, sour taste in the mouth, dizziness, heartburn, specks before the eyes, furred tongue, sleeplessness, back-ache, debility or weakness, it shows that the stomach needs to be strengthened by Mi-o-na.

Just one little tablet out of a 50 cent box before meals for a few days, and you will soon regain perfect health and strength. Ask H. P. Dunn & Co. to show you the guarantee under which they sell this remedy.

The superior quality of the "Anna Held" cigar is directly due to the employment of new scientific processes which are both unknown and unattainable to the ordinary manufacturer.

Following the expert selection of the tobacco in the field—and its thorough sorting and curing, the leaf is skillfully graded and stored in immense "stermeries," where it undergoes a process of fermenting and blending.

The several qualities of leaf required to produce the exceptional flavor found in the

ANNA HELD CIGAR—5c.

are carefully selected and packed together until the goodness of each has been combined in a real blend of delicious and uniform flavor.

This is what makes "Anna Held" cigars at 5 cents the equal of the regular three-for-a-quarter kind.

Sold by all Dealers in Good Cigars

Trade supplied by Geo. R. Newell & Co., Minneapolis, Minn.

This Triangle A on a box of "Anna Held" cigars, is a distinguishing mark of excellence. It identifies the product of this new system of making better cigars for the smokers' money, no matter what the price. Every cigar is kept as good as it has been made in air-tight, dust-proof, hermetically sealed boxes, sealed with this Triangle A.

CONSPIRACY CHARGED

WARRANTS SWORN OUT FOR THE
ARREST OF FIVE PHILADELPHIA MEN.

FOR DEFRAUDING THE CITY

FORMER OFFICIALS ARE AMONG
THOSE WHO WILL BE TAKEN
INTO CUSTODY.

Philadelphia, Oct. 13.—The administration of Former Mayor Samuel H. Ashbridge was brought into the local political turmoil Thursday when warrants were sworn out for the arrest of Abraham L. English, who was director of public safety during the term of Mayor Ashbridge, and four others charging them with conspiracy to cheat and defraud the city in connection with the execution and carrying out of a contract for the erection of a smallpox hospital which is one of a group of buildings forming the new municipal hospital. The other accused men are John F. Henderson and Henry E. Batton, of the contracting firm of Henderson & Co., Philip E. Johnson, a former city architect and brother-in-law of Israel W. Durham, leader of the local Republican organization, and James D. Finley, a cousin of Durham and a former inspector at the new municipal hospital. Henderson, Batton and Finley entered bail in \$5,000 for a hearing Friday afternoon. Former Director English and Architect Johnson were out of the city Thursday, but friends of the latter entered bail for his appearance. Close friends of English said he will also appear at the hearing.

The warrants were sworn out at the instance of Mayor Weaver and are based on the results of an investigation covering a period of several weeks.

No one identified with the prosecution will make a statement relative to the manner in which the city is alleged to have been defrauded.

The warrants simply state "others to the deponent now unknown" and there is much speculation as to the identity of the unknown men.

FAVOR SHIP SUBSIDY LAW.

Bankers Advocate Government Subsidies for Merchant Marine.

Washington, Oct. 13.—The American Association of Bankers Thursday put itself squarely on record as favoring government subsidies for the upbuilding of the American merchant marine. Resolutions reviewing the growth of American commerce and the decline in American shipping and pledging the association to throw the weight of its influence towards the enactment of ship subsidy law were presented by the executive council of the association and adopted by a rising vote in which it was estimated that three-quarters of the delegates took the affirmative side. The second day's session of the convention occupied three hours and was devoted to the transaction of such business as was contained in the report of the executive council besides addresses and discussions interesting and instructive on various phases of banking.

The report of the currency committee was received but no action taken thereon. The report followed the suggestions made Wednesday by Secretary Shaw in his address before the convention for an emergency currency. The report outlined several changes in the system, which it might be advisable to make by legislation.

TWO CHAUFFEURS INJURED.

Gasoline Tank Explodes and Both Are Fatally Hurt.

Chicago, Oct. 13.—While experimenting with a new automobile owned by Finley Barrel, a board of trade broker, the gasoline tank exploded and chauffeurs Harry Brown and George Powell were fatally injured. Powell's right leg was blown off and he suffered internal injuries. Both of Brown's legs were shattered and his body frightfully mangled and burned. The garage in which the machine was kept was destroyed by fire that started from the gasoline.

TWO DEAD AND ONE DYING.

Woman Used Arsenic by Mistake for Baking Powder.

Niagara Falls, N. Y., Oct. 13.—John Holliday and his wife are dead and their grandson, Harry Holliday, is expected to die from arsenic poisoning. Mrs. Holliday used arsenic in biscuits, mistaking it for baking powder. The grandson had used the arsenic to kill rats and had told his grandmother to be careful of the can, which was on a shelf in the pantry. In the dark Thursday morning she mistook it for the baking powder.

WITNESSES IN CONTEMPT.

Refuse to Answer Questions in Paper Trust Case.

St. Paul, Oct. 13.—C. I. McNair, B. F. Nelson and A. S. Bossard, the three witnesses ordered by Judge Van Devanter of the federal court to answer questions at the hearing before Examiner Robert S. Taylor in the case of the United States against the General Paper company, have placed themselves in contempt for further refusal to answer questions.

The action of the witnesses was taken upon advice of the attorneys for the paper company, Charles E. Monroe of Milwaukee and William Brace of Chicago, as a method of securing indirectly an appeal to the higher courts from Judge Van Devanter's order, which the judge held was not appealable. Upon sentence for contempt the attorneys will apply for writs of habeas corpus, upon which the whole matter in contention will go before a higher court, which will decide the vital point at issue, whether the federal courts can compel these witnesses to answer questions and produce the papers and books asked for by the federal attorney.
